Due date

Total minimum payment

- To avoid paying interest on purchases, make sure you pay the "closing balance" in full by the due date each month
- If we don't receive your minimum payment by **17 July 2024** you may have to pay a late payment fee.

The following warning is a legislative requirement intended to provide you with more information about the consequences of making minimum repayments. The examples provided do not replace the minimum payments required shown in the Payment Details section.

Minimum Repayment Warning: If you make only the minimum payment each month, you will pay more interest and it will take you longer to pay off your balance.

For Example...	If you make no additional charges using this card and each month you pay...	You will pay off the closing Balance for this statement in about..	And you will end up paying estimated total interest charges of...
1.	Only the minimum payment	5 years 2 months	\$565.78
2.	\$49.06	2 years	\$195.03, a saving of \$370.75

Having trouble making repayments? If you are having difficulty making credit card repayments, please contact us on **13 22 65** or call your banker. We may be able to assist you.

The examples provided above in the Minimum Repayment Warning do not take account of annual card fees that will or may apply to your account (except for an annual card fee included in the closing balance on this statement).
